To whom it may concern

Re: HEMP Healing Balm

For many years I have suffered with lesions on my arms. The treatment was to have them burnt off at the doctor's surgery but there were so many, that it would have had to be continuous treatments and the time, not to mention the doctor's fees, was prohibitive.

Then I was told about the HEMP healing balm and started to use it, the difference is amazing. My arms are now so much smoother and the lesions can now be peeled off .

Until I found this balm, my arms were so badly affected and rough that I had resorted to using medium grade sandpaper to smooth the skin and remove the lesions.

My wife and I have found it useful for many things including insect bites, burns , cuts and abrasions.

Our agents Zane and Maree are very helpful and endeavour to get our order to us as soon as possible and are always available on the phone.

I am so pleased that I found out about this balm.

Sincerely

P.E. Jones (Chum)
